

Lil' BUBBA® CURBCOLOR SYSTEM
FOR SUPERIOR CONCRETE LANDSCAPE CURBING

*A comprehensive and proven system
for coloring and stamping
machine formed concrete curb.*

Lil' BUBBA® CurbMix™ Requires The Following Ingredients

- CURBCOLOR** - Premium powdered pigments. (Choose from color chips below.)
- COLORGUARD+™** - Reduces efflorescence, improves workability, densifies curb and enhances color.
- CURBFIBER™** - Reinforcement for added flexibility, strength and durability.
- CURBFILM™** - Lubricates trowel, aids stamping and virtually eliminates shrinkage cracking.
- ANTIQUING POWDER™** - Contrasting impression colors for bold and rich stamp patterns.
- CURBSEAL™** - Controls efflorescence, and adds UV protection with a mold/stain resistant shine.

**Amazing colored curbing requires a combination of these 6 special Lil' BUBBA® ingredients.
Please turn page over for complete mixing instructions.**

The number beside each CurbColor name represents the doses per 47lbs. of portland cement.

 Burnt Brick - 1	BBVR  Venetian Red - 3	 Dusty Rose - 1	DRNR  Naples Red - 3
 Canyon Brown - 1	CBGC  Garden Clay - 3	 Sahara Sand - 1	SSPS  Prairie Stone - 3
